

Bibliographic analysis:

A commentary on 'Extracorporeal shock wave therapy with imaging examination for early osteonecrosis of the femoral head: a systematic review'

Fuqiang Gao, M.D., Wei Sun, M.D., Song Dehui, M.D.

Case Report:

Tibial delayed bone healing in a pediatric patient. Treatment with focused shock wave therapy.

Martín Turco, M.D., Fernando Dobkin, M.D., Purrello Silvia, M.D.

Original article:

Exploratory Analysis of Pain and Function Improvement After Radial Pressure Wave Therapy in Plantar Fasciitis.

Armando Tonatíuh Ávila García, M.D., Ana Lilia Villagrana Rodríguez, M.D., Cinthia Citlalli Domínguez Navarrete, M.D., Karen Chacón Morales, M.D., Marco Antonio González López, Med. Stud.

Original article:

Prolactin: A New Actor in Musculoskeletal Physiology and its Implication in Orthopedic Pathologies.

Paul Germán Terán Vela, M.D., Estefanía Anabel Lozada Tobar, M.D., Luis Eduardo Guzmán Freire, M.D.

Original article:

Proposal of a standardized positioning for rotator cuff treatment with shock waves and radial pressure waves. Anatomic-imaging correlation.

María Laura Tutte, M.D., Marcela Cedrés, M.D., Gabriela Stadler, M.D., Daniel Moya, M.D.

Original article:

Assessment of the Efficacy of Extracorporeal Shock Wave Therapy in Adhesive Capsulitis: Outcomes Analysis and Predictors of Recurrence.

Paul Germán Terán Vela, M.D., Estefanía Anabel Lozada Tobar, M.D., Luis Eduardo Guzmán Freire, M.D., Luis Guzmán, M.D.

Review article:

Autologous vs Non-Autologous Exosomes: Immunological, Safety, and Regulatory Considerations in Regenerative Medicine.

Ivanny Marchant, M.D., Belén Rodríguez, M.D., Valentina Pozo, M.D., Leopoldo Parada, M.D., Carla Salvo, M.D., Pablo Olivero, M.D.

Journal of **Regenerative Science**

■ Volume 5 | Issue 1 | (Jan/June 2025)

Editorial: Combined regenerative treatments for musculoskeletal disorders: Is this the way forward?

Daniel Moya, M.D.
